

The "Magic" 1-Minute Fix:

- 1. Deselect everything:** Click on the empty white grid background so no boxes are selected.
- 2. Click ONCE on your text box:** (Do not double-click, do not enter "typing" mode).
- 3. Uncheck the box that says "Formatted Text":** In your screenshot, it's the one with the red checkmark.

The "Magic" 1-Minute Fix:

I see exactly why you are stuck. In your image, those two boxes (Font Color and Background Color) are "locked" because you have **Formatted Text** (HTML mode) turned on.

When **Formatted Text** is checked, Draw.io tries to manage colors using a hidden editor, which often breaks those simple buttons on the side.

Step 2: Switch to the "Style" Tab

Look at the panel on the **right side** of your screen. At the very top, you will see three words: **Style**, **Text**, and **Arrange**.

- Click on the word **Style**. (It is the first one on the left).

Step 2: Switch to the "Style" Tab

Look at the panel on the **right side** of your screen. At the very top, you will see three words: **Style**, **Text**, and **Arrange**.

Click on the word **Style**. (It is the first one on the left).

Key Aspects of AWS:

Cloud Computing:

Instead of maintaining physical data centers, you rent technology resources from AWS, similar to using electricity.

Infrastructure & Services: Offers IaaS (Infrastructure as a Service), PaaS (Platform as a Service), and SaaS (Software as a Service).

Key Services: Examples include [Amazon EC2](#) (computing power), [Amazon S3](#) (storage), and [Amazon RDS](#) (databases).

Usage: Popular among startups, large enterprises, and government agencies for web hosting, application development, and data analysis.

Global Reach: Operates in 105 Availability Zones within 245 countries/territories

Global Reach: Operates in 105 Availability Zones within 245 countries/territories
